NCSA CompositeTool Version 1.1 source code and documentation are in the public domain. Specifically, we give to the public domain all rights for future licensing, resale, and publication.

We ask, but do not require, that the following message be included in all derived works: *Portions developed at the National Center for Supercomputing Applications at the University of Illinois at Urbana-Champaign.*

READ ME NOW

If you want to see more software like NCSA CompositeTool, please send us a letter, email or U. S. mail, telling us what you are doing with the package. We need to know: (1) What science you are working on—an abstract of your work would be fine; and (2) How the package has helped you, for example, by increasing your productivity or allowing you to do things you could not do before.

We encourage you to cite the use of NCSA CompositeTool, and any other NCSA software you have used, in your publications. A bibliography of your work would be extremely helpful.

NOTE: This is a new kind of shareware. You share your science and successes with us, and we can get resources to share more software like NCSA CompositeTool with you.

NCSA Contacts

Mail user feedback, bugs, and software and manual suggestions to:

NCSA Software Development
CompositeTool
152 Computing Applications Bldg.
605 E. Springfield Ave.
Champaign, IL 61820

Send communications via electronic mail to one of the following:

Bug Reports
bugs@ncsa.uiuc.edu
bugs@ncsavms.bitnet

All Other Communications
softdev@ncsa.uiuc.edu
softdev@ncsavms.bitnet

Or contact Martin Knapp-Cordes directly by email to martink@ncsa.uiuc.edu, or call (217) 244—0704.
