

Chart::Base

```
classDiagram
    class ChartBase["Chart::Base"]
    class ChartStackedBars["Chart::StackedBars"]
    ChartStackedBars --|> ChartBase
```

The diagram illustrates a class hierarchy. At the top is a white rectangular box labeled "Chart::Base". Below it is a gray rectangular box labeled "Chart::StackedBars". A vertical blue line connects the bottom of the "Chart::StackedBars" box to the bottom of the "Chart::Base" box, ending in a blue arrowhead pointing upwards. This indicates that "Chart::StackedBars" inherits from "Chart::Base".

Chart::StackedBars
